## Programming Skills & Competencies

JavaScript, ReactJS, MongoDB, Node.js, Express, REST/JSON, CSS, TypeScript, TailwindCSS, Technologies: Postman, Git, JWT, Git Bash, Axios, WebSockets, PostgreSQL, SDLC, Agile, APIs, Debugging, Network Configuration

## Experience

React Software Developer | Hernandez Construction Feb 2025 – Mar 2025

- Designed and developed a website to bolster the company's online presence and brand visibility
- Implemented Framer Motion to create smooth animations and enhance user experience
- Implemented mobile-responsive design, ensuring accessibility across all devices for an optimal experience using ReactJS

Hands Together Project | Old Dominion University Dec 2024 – Jan 2025

- Designed and implemented front-end components for web post creation, user authentication, and navigation using ReactJS, resulting in a responsive website design
- Implemented user authentication with JWT and MongoDB on the back-end, using Express and Mongoose
- Ensured secure data handling and seamless API communication with Axios
- Utilized Postman for API testing and Git for version control, maintaining code quality and version history
- Liaised with sponsors and stakeholders to discuss and align on project decisions, ensuring a seamless user experience and client satisfaction

Student Developer | Upright Education Jul 2024 – Jan 2025

- Completed weekly projects during a fully immersive software development course
- Created a web-based real time chat app using ReactJS for the front-end and Node.js with Express for the back-end
- Incorporated user sign-up/login, multiple chat rooms, and message persistence with MongoDB into the app
- Utilized JWT for secure user authentication and WebSocket for real-time communication
- Employed Git for version control and focused on optimizing code performance and usability across all projects

Insurance Specialist | Progressive/Liberty Mutual Jun 2021 – present

- Managed large client datasets, ensuring data accuracy and compliance with regulations
- Applied problem-solving and analytical thinking to provide customer-focused insurance solutions

## Education: Old Dominion University (ODU) 2025

### Certifications:

Express MongoDB Back-end Development	ODU 2025
Full-Stack JavaScript Software Development	ODU 2025
JavaScript Development Foundations	ODU 2025
React Front-end Development	ODU 2025
App Dev Fundamentals	Microsoft 2017
